DIMERPACK 4110

	Valves	Piston pumps	Centrifugal pumps
v (m/s)	-	2	25
t (°C)		-100°C / +280°C	
pH value		3 - 12	
p (bar)	300	200	30

CHARACTERISTICS

Braided packing made of PTFE and aramide yarn on the corners, which improves the mechanical resistance at high pressure or dry services. Packing is ilubricated with parafin oil.

APPLICATIONS

Suitable for sealing installation and equipment in the chemical, pharmaceutical, oil refining and food processing industries, in the chemical departments of the power supplying industry, metallurgy, cellulose industry, etc.
